COMING ALONG RAPIDLY.

At times the public prints have contained articles tending to show that since the women have been endowed with the ballot and other prerogatives they are catching up rapidly with the men in many attributes. The increase in the number of smokers, wearers of male garb, and so on, has been large; but the evidence that the emancipation has been full free and final is contained in a

dispatch from Media, Pa., where Olga Perry was hailed before Justice Bromall on a charge of horse stealing. Nor is that all. Olga, when requested by the judge to remove a heavy veil wrapped about her face, disclosed a blond beard, eight inches long, and very luxuriant. She said she used to work in a circus, but that of late years public interest in bearded ladies had waned, and she could get no job posing before wondering yokels in a sideshow. A enterer in Trenton advised her that if she expected to jade up as a biscuit-shooter she must shave and keep shaved—and she spurned the suggestion, preferring to keep her whiskers. Then, not seeing any other way of getting through a long, hard winter, she deliberately stole a horse so as to obtain board and lodging in a nice penitentiary until public taste changes.

So, it all goes to show that the ladies can go to the limit if they want to. Wearing whiskers on the chin and stealing horses have heretofore been considered as among the few remaining diversions left to mere man, but now that last citadel has crumbled. Absolute emancipation is here—Mobile Register.

A Popular-Priced Cord Tire Without a Rival

The new Goodyear Cross-Rib Tread Cord Tire is built with genuine high-grade long-staple cotton as a foundation. It is liberally oversize—the 4½-inch tire, for example, measuring nearly 5 inches.

The deep, clean-cut, cog-like pattern of its tread affords excellent traction even in snow and mud, engaging the road like a cogwheel.

The scientific distribution of rubber in this tread—the wide center rib and the semi-flat contour—gives a thick, broad surface that is exceedingly slow to wear.

This new tire is a genuine Goodyear through and through—in design, in material, in construction.

It costs less to buy than the net price you are asked to pay for many "long discount" tires of unknown reputation and value. Why be satisfied with less than this efficient tire can give—why take a chance on an unknown make?

Compare these prices with NET prices you are asked to pay for "long discount" tires

POINTED PARAGRAPHS.

From the Chicago News.

It is natural for a cannibal to love his fellow man.

A bank teller always has something of interest on hand.

The way of the average woman exasperates the average man.

Every man thinks he is the proper one to stand around and boss the job.

Any woman likes to move

to another locality so that people won't know her age.

We feel sorry for the man who is married to an imaginative woman with nerves.

About all you have to do to make a boy hate any particular kind of food is to tell him it is healthful.

As a rule, you can form a pretty accurate opinion of what your neighbors think of you by what they say of others.

The greatest builders in the world are those who build character. Men have built houses, roads and temples that have lasted for generations, empires that lasted for centuries, but those who build character fabricate something that will last to eternity.

Build into your character the foundation of industry, efficiency and economy. With these success is certain. Wholehearted industry brings out the best that is in us and drives out evil.

Capital, Surplus and Profits \$180,000.00

TO OUR FRIENDS AND CUSTOMERS:

It is with pleasure that we invite your careful attention and consideration to the statement of condition of this Bank as published at the bottom of this page.

For the past two years this section has passed through the worst period of depression and demoralization that we have ever experienced and as usual the attitude assumed by the banks in different communities has had more to do with the success of that community than any other single factor; and we point with pride to the course pursued by this institution and its officers during the time referred to.

Three entirely different attitudes were assumed by the banks in this section which can be described as follows:

FIRST.—There were banks that were strong enough to take care of their customers BUT that refused to do so because they were afraid to lend their money and were also afraid to borrow money to lend their customers. If you have been depositing your money with this kind of Bank, you had better make a change NOW while times are good; as the next depression may come at a time when you need to borrow; and your banking connection will fail you.

SECOND.—There were Banks that were not strong enough to take care of their customers and therefore could not assist them when they needed money. If you have been depositing your money with this kind of a Bank, NOW IS THE TIME to change while times are good.

THIRD.—THERE WERE BANKS THAT WERE STRONG ENOUGH TO TAKE CARE OF ALL THEIR CUSTOMERS AND HAD ENOUGH FAITH IN THEIR SECTION OF THE COUNTRY NOT ONLY TO LEND THEIR MONEY TO THEIR CUSTOMERS BUT TO BORROW MONEY TO THE LIMIT SO THAT THEY COULD PROPERLY TAKE CARE OF THEIR FRIENDS AND CUSTOMERS. This is the kind of Bank for you to deposit your money with NOW while times are good; for hard times are surely going to return and it is best to have a connection with an institution that can and will take care of you.

OUR BANK POINTS WITH PRIDE TO THE FACT THAT IT BELONGS TO THIRD CLASS REFERRED TO; FOR WE NOT ONLY LOANED OUR MONEY TO OUR CUSTOMERS BUT WE DID NOT HESITATE TO BORROW MONEY TO LEND THEM WHEN THEY NEEDED IT AND EACH AND EVERY CUSTOMER OF THIS BANK WILL VERIFY THE FACT THAT WE TOOK CARE OF ALL THEIR WANTS AND NEEDS DURING THE DEPRESSION OF THE PAST TWO YEARS.

ON THE STRENGTH OF OUR RECORD, WE SOLICIT YOUR BUSINESS AND WILL ASSURE YOU OF THE BEST POSSIBLE BANKING SERVICE.

In our Savings Department, we pay 4 per cent Interest compounded quarterly.

Banking business by mail specially solicited.

We Will Appreciate Your Business.

TUTWILER HALL—This room is the only dormitory for girl students at the University of Alabama. Crowded beyond its capacity, with three girls in room here and there for two, the University was forced to close its doors in the faces of fifty young women of Alabama who desired to enter this fall. The State University now has more women students than its total enrollment, men and women, twenty years ago.

Doors of State University Closed to Young Women

Limitation of Enrollment Forced by Large Increase in Number of Students—President Denny and Governor Brandon Appeal for Support of Million Dollar Campaign

University, Ala., Oct. 2.—Fifty young women, whose homes are in various parts of Alabama, are living arguments for the necessity of constructing more buildings at the State University. They crowded into Tutwiler hall, the only dormitory for girls, last year and were anxious to prepare themselves better for their life work. Some of them wished to study domestic science in order that they might know better the science of home management. Others desired a college preparation for life's work in various professions.

They made their appeal to the University of Alabama. Several of them could not afford a college education at schools with high tuition fees and other expenses. Unless they attended a State institution there was no hope of a college education for them. They made their appeal to the University of Alabama. TWO MEN SEEKING SANSOM'S SLAYER WOUNDED IN FRAY.

Montgomery, Oct. 1.—Montgomery, a city and county, was aroused by another shooting affray which occurred on the corner of the city. A negro man firing two bullets into the head and neck of George S. Sansom, game warden of the county, killed him. The body was carried to the morgue. Deputy Sheriff Joe Partin, Mr. Wilson is at Hill's infirmary and his chances for recovery are said to be very bright.

The shooting occurred shortly after 8 o'clock a short distance from the store of Will Flowers, about five miles from the city. The officers were searching for the slayer of Policeman Albert Sansom who was shot to death while in the performance of his duties last Thursday night. The negro who wielded the weapon made his escape. Bloodhounds were secured from Camp Kilby and put on his trail, but his capture had not been reported at 1:30 o'clock Sunday morning.

Clinics with Negro. At the time of the shooting Mr. Wilson was clinched with the negro. When they went together, after officer Partin had told the other deputies to get the negro's pistol, they are said to have fallen into a ditch several feet deep and it was while Mr. Wilson was trying to wrench the revolver from the black's hands that he was shot. The negro made his escape by dashing quickly down the ditch. Two other negroes were with the man that fired the pistol with him. They were arrested later in the night.

Deputy Partin was the first man to receive a bullet from

ENROLLMENT GROWS RAPIDLY

Increase of 247 Per Cent in Ten Years Makes Expansion Necessary.

University, Ala., Oct. 2.—The gates of the University of Alabama must be kept open to every young man and woman in Alabama who desires a college education. The State University has already been denied to a large number of young women, because the application of their number exceeds the number which could be accommodated in the women's dormitory. From the number of young men who can be given the opportunity of college education will have to be arbitrarily limited, because the State University has its capacity of 600 students and its present enrollment of nearly 1000 cannot possibly receive many more.

The gates of the State University will soon be barred against a throng of young men and women unless relief is obtained. The Million Dollar Campaign of the University of Alabama is to supply that relief.

In all parts of the State, teams of alumni and non-alumni are now at work. With the urgent necessity of the University at their driving force, with \$1,000,000 as their goal, they hope to obtain the entire amount within a short time.

Before this educational awakening in Alabama, the State University was small and grew very slowly. In 1902 it had only 235 students. In the fall of 1912, however, it had an enrollment of 1,000 students. The increase of only 145 students, to a total enrollment of 380 at the end of the session of 1912.

The next year the present period of rapid building started. In 1913 the enrollment was 543, a greater increase in the number of students in one year than had been shown in all of the ten years before. The enrollment has climbed steadily since 1913, to 1211 in 1915, to 1430 in 1916, to 1538 in 1917, to 1715 in 1918, to 1815 in 1919, to 2015 in 1920, to 2215 in 1921, to 2415 in 1922. The total is already 1887.

In the past ten years the enrollment has increased 47 per cent. In the next twenty years the enrollment must be increased 100 per cent. For the past five years the increase in the number of students each year has been 100 per cent.

Logically, the increase in the number of students in the number of buildings and other physical facilities of the men and women of Alabama who will be shut out unless more buildings are erected at the State University. The people of Alabama must give the necessary money. Every citizen of Alabama should feel himself obligated to contribute to the Million Dollar Campaign for this is the people's University.

The desperado's revolver. He was shot one time, but not seriously, when he threw his flash-light into the negro's face. It is understood Mr. Wilson did not have his pistol at the time he tried to arrest the black. The right arm and his commo at the point of death, quickly stuck to his post and drove the county's Cadillac car back to the corner of the city. The body was carried to the morgue. Deputy Sheriff Joe Partin, Mr. Wilson is at Hill's infirmary and his chances for recovery are said to be very bright.

TWO PROJECTS THAT WILL BE OF MUCH BENEFIT TO ALABAMA.

Birmingham, Oct. 9.—Muscle Shoals will develop more electric power and make fertilizer cheaper than any other place in the United States. Alabama producers can ship their products to coasts and foreign markets through their own seaport in less time and at less expense than through any other port.

The development of these two projects, one by the Federal Government and the other by the State of Alabama, seem now to be certain. At least the voters of Alabama, judging from reports received at State headquarters of the Alabama Seaport Committee, believe so, and have made up their minds to put over both projects if it is in their power to do so.

They are linking the two propositions, one as a great project, and the other as a superior channel of commerce, through which their own products can flow to the markets of the world.

In the last few days a large number of prominent men and women have volunteered their services in the Campaign for the adoption of the Seaport Amendment, and speaking dates are being arranged for them.

Both the Democratic and Republican parties have endorsed the Amendment, and so have Governor-to-be Brandon, the Alabama Farm Bureau Federation, Alabama Bankers' Association, American Legion, Travelers Associations, United Daughters of the Confederacy, and other women's clubs; Chamber of Commerce and many other civic and business organizations throughout the State.

TWO ARE DEAD FROM BATTLE WITH GUN.

Chattanooga, Tenn., Oct. 9.—Two men are dead as a result of a gun battle that was waged near Dunlap Sunday afternoon. William Hixon was shot in the chest and died instantly while Foster Johnson, a veteran of the world war with his body literally riddled by buckshot was placed in an ambulance and brought to Chattanooga.

He succumbed in a local hospital at an early hour today. The trouble it was started and ended when some men rode by the Johnson home and are alleged to have disturbed a sister of Johnson who is seriously ill by their boisterous conduct.

The hundredth anniversary of the blazing of old Oregon trail will likely be held in 1942.

AGED TUSCALOOSA WOMAN IS ASSAULTED BY NEGRO.

Tuscaloosa, Ala., Oct. 5.—A posse of from 40 to 50 men, headed by Sheriff Perry E. Hughes and deputies, is tonight searching for a negro miner who assaulted a white woman sixty years old and beat her unconscious with a stick at home this afternoon three miles from Seales, in Tuscaloosa county.

The woman was at home by herself, according to reports received by Sheriff Hughes, after beating her, robbed the house of a shot gun and shells and left. Robbery was his motive, it is believed, but becoming alarmed at his deed he is thought to have taken the gun to protect himself.

Bloodhounds have been ordered out from here and white men from the whole county around Seales are reported to be searching for the negro.

In the last few days a large number of prominent men and women have volunteered their services in the Campaign for the adoption of the Seaport Amendment, and speaking dates are being arranged for them.

RECORD APPLE TREE AT AUBURN.

From a single apple tree in the orchard on the Experiment Station at Auburn 3,695 apples measuring 23 bushels and weighing 1,270 pounds were harvested this fall. The tree has a spread of 36 feet and 35 such trees are sufficient for our needs.

According to Professor C. L. Isbell, of the horticultural department, it was given one winter spray and six summer sprays. The ground around it has been properly cultivated throughout the year, and there is now on it a crop of cowpeas, sowed in the early summer.

It was thinned twice by students in fruit growing.

To determine the profit on this tree this year Professor Isbell states that the cost of labor for picking the apples was \$40.00. The apples sold for a total of \$56.00, or \$2.00 per bushel.

While it must be admitted that the tree is far above the average of its kind, however, very strong evidence that there is money in raising apples in Alabama.

Trilean churches during the past few months have been pilfered of many of their treasures.

MAN KILLS THREE THEN FIRES SUICIDE BULLET.

Rochester, N. Y., Oct. 9.—The body of a father and his three children Monday lay side by side in an undertaking establishment here. Ethelwyn, 5; Grace, 2; and Russell, 6 months, were drowned in a bathtub at their home by the father, William E. Wheeler, who then fired a bullet into his brain. Respondency, because of inability to obtain employment, was responsible for the crime, police said.

Mrs. Wheeler discovered the bodies after she returned home from church. A note protruding from beneath the bathroom door told the act of her husband and gave instructions as to the disposition of his body and the furniture in the house. It read in part:

"Dear Milly: I had to come at last. I can see no other way out. I pay up every bill. That's what I did for you. I'm taking the kiddies with me so you and no one else can say that I left them a burden on you. In the last few days I've been hanging on longer, it would be the same old story."

Mrs. Wheeler swooned after the bathroom door was broken down by a boarder. She told police that her husband was in a police to be in excellent spirit when she left for church.

The children were found clasped in each other's arms on the bottom of the tub which was half filled with water. The father hung over the edge of the tub, still clutching the pistol from which he fired the fatal shot.

Mr. Stack was a prominent citizen of Selma and the news of his tragic death came as a terrible shock to his friends here. He leaves a widow and one son.

New Brockton Visited By Destructive Blaze On Last Friday Night

The Town of New Brockton was visited by a bad fire on last Friday night about eleven o'clock, when two business houses were destroyed. For a time the main section of the business houses of the town was threatened, and only through the heroic efforts of the citizens were the flames confined to the two stores.

The stores destroyed were those of W. C. Jones, general mercantile business, and John McCollough, grocery business. Mr. Jones' loss is said to have been about six or seven thousand dollars, with about half that amount of insurance. Mr. McCollough's loss will not be so great, and we are informed that he also carried some insurance.

The fire when discovered was burning in the rear of the Jones store. The cause of the blaze was not learned. Before assistance could reach the scene the fire had gained such headway that it could not be extinguished until the two stores were destroyed. The walls of buildings adjoining the burned stores were badly damaged, but all stocks of merchandise were removed. The goods removed were badly damaged in handling, so we were informed, but were not damaged by the fire.

Dothan Making Plans For Her Greatest Fair

Bigger, better and finer than ever is the slogan adopted by the management of the Southeast Alabama Fair association for this year and every effort is being put forth to live up to and realize this purpose.

The management of the big fair will show some improvement over previous years and offer the public of his section something new and something interesting to see this year.

The horse racing card is a big one, as usual, but it is stated that some new horses will be here this year and some local track records may be broken by the fast horses that are expected to arrive here in numbers on opening day, October 30.

The midway attractions for this year are said to be far more numerous than those of last year and the managers promise more and better shows and more and bigger riding devices.

The free acts this year will offer fair patrons some thrilling plenty of amusement and a great deal of pleasure. Some of the biggest and best acts ever shown in this section will be seen at this year's fair at least two of which have never shown in the south until this year. The free acts will be shown in front of the grandstand every afternoon and night.

A feature of the Fair this year is the showing of the "Spirit of No Man's Land" which is said to be one of the largest and most spectacular pyrotechnic displays ever shown. A great burst of rockets, shells and fireworks ascending into the heavens in a grand burst of color. Fireworks will be shown every night at 8 p. m.

If plans now being made move some new and novel exhibits will be shown here this year. There is an air of secrecy about the official headquarters and the inquiring report was told to say "Come and see for yourself that our boast of a bigger and better fair will be carried out within the grounds as well as in the advertising."

The most difficult thing in life is to know yourself.

ARMY COURSE

An interesting wedding of last week, and one which was quite a surprise to Elba people was that of Miss Lois Ham to Mr. Clyde Courson, which occurred at Ozark. Miss Ham was born and reared at Elba and was one of the most popular members of the younger set. Her many friends will be interested in her marriage.

The wedding ceremony of the wedding was taken from the Andalusia Star.

On Wednesday afternoon at four o'clock in Ozark, Miss Lois Ham became the bride of Mr. Clyde Courson, the ceremony taking place at the Methodist parsonage in the presence of only immediate friends.

Miss Ham is the daughter of Mr. and Mrs. Jeff Ham, formerly of Elba, Ala. but now of South Florida. She is a young woman of charming personality. She has often visited Andalusia and her many friends are glad to know that she will make Andalusia her home in the future. Mr. Courson's parents reside in River Falls but for some number of years he has made Andalusia his home, being connected with the Gulf Refining Co. He is a young man of sterling character.

Immediately following the taking of the nuptial vows, the young couple left for points in Georgia. On their return they will be at home to their friends in their new home on River Falls street.

Methodists Will Observe "Home Coming" Day

Sunday, November 5th.

Elba Methodists will observe "Home Coming Day" on the first Sunday in November, (November 5th). This announcement was made after a conference of the board of Stewards and the pastor on last Sunday afternoon, when the celebration was finally decided upon.

It is planned to make the day one of real pleasure and benefit for every member of the Church and all visitors on the occasion. The invitation to attend the "home coming" is especially extended to former members, and Methodists whose membership at any time has been in the Church, and the present membership of the Church will of course be expected to be present.

While no definite program has yet been arranged, it is known that Rev. O. S. Welch, of Prattville, will preach the sermon at the service Sunday morning. Mr. Welch is one of the leading ministers of the Alabama Conference, and his sermon alone will well worth the attendance. It is also expected that some of the former pastors will be present on the occasion, and deliver messages to the congregation.

Lunch will be served at the Church at the noon hour. It is planned to make the day a most enjoyable one for those who attend. Further and more details of the plans will be made as soon as practicable.

Lovene Boy Killed In Attempt To Board Train

Tuscullo, Ala., Oct. 14.—Thomas A. Skyles of Lovene, Ala., 18 year old, student at the University was instantly killed here last night when he attempted to board a north-bound A. G. S. freight train at the depot here and missed his hold and falling slipping under the train.

His body was cut in two at the waist, his left leg completely severed at the body, left hand mangled and right arm broken in three places.

Skyles and several other University students were attempting to board the moving train to go to Atlanta for the Alabama-Tech football game.

The deceased was a member of the Phi Kappa Phi fraternity and was in his sophomore year. He was the son of E. B. Skyles, tax assessor of Crenshaw county. Remains were sent to Montgomery today where they will be met and taken to Lovene for burial.

Elba Masons Purchase Nice Building Lot; Temple May Be Built Soon.

Elba Masons a few days ago closed a deal for the purchase of the lot on the Northeast corner of Court Square, opposite Elba Bank & Trust Company, on which a Masonic Temple will be erected at a later date.

Although plans have been on foot for several months past for the new building, no definite announcement can be made at this time as to when the building will be erected.

The lot selected is one of the most desirable in the town and a nice new structure, the kind that is contemplated by the Masons, would be a magnificent addition to the town. It is hoped that the plans can be carried out within the near future. It is said that the membership of the Elba Lodge is very enthusiastic over the proposition, and no doubt ways and means will be devised whereby the new building can be erected within the near future.

The sermons preached by the pastor are logical and forceful and are evidently accompanied by the power of the Holy Spirit as there are conversions at nearly every service.

The influence of Rev. O. W. Moran, who is leading the singing, is felt in song and personal work. His solos and the congregational singing are of the highest order and tend to inspire and uplift all who lean.

The services will continue each evening until Sunday. The ordinance of baptism will be administered at the evening service Sunday. All are cordially invited to attend the services.
